Sliding Fee Scale

FSCM prides itself on providing quality mediation and conflict coaching services to all parties regardless of income. No one will ever be turned away for inability to pay. Fees may be waived and/or modified as needed.

Income verification process is required.

Failure to provide verification prior to first session will result in default \$45/hr fee.

Next session will be scheduled only after verification is produced.

Adjustments to default fee, if necessary, will be made upon verification.

Hourly rates are calculated per person/per individual income. Sliding fee scale applies to divorce and post-divorce; parenting; and neighborhood mediations. Exception: neighborhood mediations IF referred to FSCM by the police.
