A PUBLICATION OF THE SEVEN HILLS FAMILY SERVICES
MAKING COMMUNITY CONNECTIONS

Fall 2024

Badgers softball team players strike a proud pose with officers and fans after placing 4th in the State Tournament.

Exciting New Direction In Community Connections Recreation

It's hard to put a price on enthusiasm, energy, and empathy. Package this combo with an exuberant personality,

and it's priceless: Meet **Xandra Bouray**, the new therapeutic recreation director at Seven Hills Family Services (SHFS).

Xandra hit the ground running (of course!) on May 6. On her heels is diverse experience, particularly on a personal level.

Growing up, Xandra was close to a cousin of the same age who has Hydrocephalus, a neurological disorder that affects brain tissue. Xandra witnessed firsthand the struggles that accompany a

disability and chose to help others with those struggles as her life's work. She pursued a degree in psychology and a career in health and human services. Gaining experience in residential treatment and working with individuals on the autism spectrum, Xandra may have found the perfect fit at Seven Hills. "In recreation, where there is energy and creativity, there is boundless opportunity," she said, adding, "taking smaller steps, realistically!"

Bouray's goals align with expansion:

- 1 Recruiting participants, partners, coaches, and volunteers;
- 2 Adding alternative sports, such as cycling and bowling;
- 3 Introducing younger age groups to Special Olympics.

With her sparkling gaze reflecting on a horizon of possibilities, Bouray's #1 objective remains: **Everyone must be having FUN!**

Join in on the FUN!

RCR Respite: Are you caring for a family member or loved one?

REJUVENATE: CUSTOMIZED RESPITE (RCR) IS NOW BEING OFFERED TO CAREGIVERS

Funding from the Commonwealth's Executive Office of Health and Human Services Respite Innovations Grant will enable Seven Hills Family Services to expand respite services through Rejuvenate: Customized Respite (RCR) Program.

Our Rejuvenate Customized Respite Program provides an innovative respite solution, which allows each caregiver the flexibility to identify and access the respite option that they desire. All respite options provide much needed and deserved breaks, because caregivers need breaks to be the best caregiver that they can be.

All Respite activities will use a person-centered approach where each family supported will have a plan created based upon their individual respite needs, preferred activities and chosen timeframe.

Space is limited.
